

COMICE SILVER INTERCONNECT

Comice Silver Interconnect Electrical Properties

Capacitance (Signal Wire to Signal Wire)	13.0 pF/ft
Capacitance (Signal to Signal and Shield)	25.0 pF/ft
Inductance	0.30 μ H/ft
Resistance	0.045 Ω /ft

Electrical Properties measured at 10kHz

Please note that measurements are of cable only and do not include connectors
